

# JLMP Saturday Enrichment

**JUST LIKE ME**  
PRESENTS

## COMPANY DESCRIPTION

JLMP puts diverse and engaging content into the hands of parents, educators, and children. Our collaborative and engaging activities allow students to take a more active role in their learning and cultivate leadership and entrepreneurship skills. Our interactive, hands-on classes introduce students to a variety of literacy, math, cultural, and STEM concepts including classical mechanics and engineering.

## POSITION DESCRIPTION

JLMP will provide Saturday enrichment programming for The Village of Performing Arts and Cultural Center (VPACC) beginning Jan. 11, 2025 until May 24, 2025. The school program will provide numerous opportunities for students to increase their level of understanding of academic-based concepts and recreational activities that enhance participants' reading, writing, math, leadership, entrepreneurship, and critical thinking skills. Purposeful STEM integration across all content areas will serve to address the lack of diversity in STEM with regard to race and gender, increasing access, experiences, and opportunities to learn.

JLMP will ensure the program:

- develops and implements high quality instruction that supports classroom learning
- maintains a cooperative, supportive, safe, and structured environment
- maintains regular contact with parents through newsletters, reports, and informal conversations
- is adequately staffed and that the staff are appropriately trained

## PROJECT TIMELINE

January 2025-May 2025

## PROJECT BUDGET

- Cost of service: \$250 per student per month

\*With an anticipated initial enrollment of 15 students
